

CONFLICT OF INTEREST DISCLOSURE

As an authorized representative of the company submitting a proposal under DOE Funding Opportunity Announcement (FOA) Number DE-PS36-06GO96011, I certify that I am not aware of any matter that places the company, nor its principals, in a position of conflict, real or apparent, with regard to codes and standards development for hydrogen and fuel cell technologies. In making this disclosure, I have considered the company's intellectual property portfolio, business and contractual arrangements, and ownership and investment in stocks, bonds and pension plans. I have also considered all stocks, bonds, other financial interests and employment arrangements (past, present, or under consideration) of the key personnel identified in our proposal to the subject FOA. Furthermore, I agree to disclose to the Selection Official and the Contracting Officer any actual or perceived conflicts of interest as soon as I become aware of them.
